**Subject:** Dimock Information

Here is the status of where we are:

- 4 teams of 2 people (1 OSC and 1CIC) are ready to go to Dimock Thursday and Friday, if given the go ahead
- Draft Fact Sheet to provide to residents (and leave if not home) is attached - Mick could provide to Betsaida if you are ok w/
- We are finalizing Survey questions - which would also be left w/FS if no one home. - concept is we would leave FS and survey and ask that residents call for us to go out again to walk thru questions with them.
- Revised Plan of Action is attached - simplified message for you/Bill to talk to Ex VP... and question him re: who staff can contact for additional information. Judy H. says that Cabot's counsel is an outside Counsel and we should get direction from EX VP on who he would like us to talk to for further information.
- Sampling Plan is in draft final stage, we've been working with WPD and ORD, and will share final draft w/them for input
- Q&As are being compiled - too draft to share at this point - expect good version by tomorrow
- Letter to State - in draft - need to have feedback from calls to State to finalize
- State will be sending us a big data package either tonight or tomorrow
- 

Let me know if you have any questions

Ron
